Subject: Filing Receipt and Office Action for Continuation Application

Dear Mr. Kidd:

We were surprised to receive an office action in this case, mailed in less than two months after the application was filed!

Normally, this would be a welcome event. In this case, however, it is disappointing because you were hoping to first file a preliminary amendment.

In any event, we enclose a copy of the office action, together with a copy of the filing receipt. As you will see, the office action rejects the very same two claims that were previously rejected in the parent case over the very same prior art reference, the patent to Frankeny (copy also enclosed).

Please provide us with your instructions as to how to proceed. We are very familiar with this case and would be pleased to help.

Very truly yours,

Marc E. Brown
